*"My girl, Peggy, received a Comfort Care Package from Lisa's Army. She was so excited and it was wonderful! She has since passed, but I will always remember the day she received her package and the tears when she saw what was inside; it still makes me fill up thinking about it. You all made her so happy and I am forever grateful!"*

*"Every single item you sent was needed! I am just thrilled playing with my iPad right now! I don't have a lot of money right now so these are things that I wouldn't have bought for myself. You have no idea how much this helped me!! You guys are absolutely amazing and it is so appreciated!"*

*"There are not enough words to say Thank You! I am currently battling Stage 2 Breast Cancer (Mastectomy + 16 rounds of chemo + Radiation). I received one of your Comfort Care Packages and it is just awesome! All of your volunteers should just feel so great for the love & care put into these packages! It just made me feel so awesome! Again, thank you so much!"*
