COMFORT CORNER

"I am overwhelmed with the generosity of your incredible organization! I nominated my dear friend Nicole. She called me from the hospital the other day

so ecstatic about the amazing Comfort Care Package she received (her husband brought it to the hospital for her)! She was in so much pain because her metastatic breast cancer had spread to the bone. A million thank yous would not be enough to let you know the joy you brought my dear sweet friend. All I can say is WOW! ❤️

"I just had to let you know what a difference you made! Last week you sent Ylinda a Comfort Care Package. She was very sad & getting angry about having to go five days a week for treatments for several weeks. She was only in her second week and ready to give up. She called all happy telling me about the gift she received. When I picked her up from one of her treatments she was proudly sporting a backpack with Lisa's name on it. It really encouraged her!"

"Today my mom received a Comfort Care Package from Lisa's Army. She was so happy and thankful for each and every item! You all put a smile on her face and tears in her eyes. Thank from the bottom of my family's hearts for being so amazing and thoughtful."

OUR HEARTFELT THANKS!

We recently received a generous grant from the Nana Fund at the Triskeles Foundation! This very special gift enabled Lisa's Army to fully fund four Comfort Care Packages for individuals currently undergoing cancer treatment. We are grateful to their Board of Directors for their generosity!

We couldn't do what we do without people like you!
