COMFORT CORNER

"I'm honored to be the recipient of a Comfort Care Package from Lisa's Army today! I'll be joining the Lisa's Army team as soon as I'm well enough to do so. Thank you!!"

"I just received my Lisa's Army care package! There are no words to express how much this means to me. I was in tears as I pulled item after item out of my back pack. SO many comforting items. And, so many items that are needed during treatments that are so easily taken for granted. It really made my day! Thank you so much for all you do for so many at the most vulnerable times of our lives. You definitely make a difference!"

"There are so many kind and selfless human beings on this Earth. Lisa's Army strives to comfort people who are accepting their cancer diagnosis and undergoing their chemo treatments. I literally cried when I opened my comfort care bag. I couldn't believe how much detailed effort was put into this bag which was shown by the more than generous gifts located inside."

"I just want to say what you guys do is awesome! I went for my first chemo treatment today and I was scared and didn't know what to expect. When the social worker gave me my Comfort Care Package, I was so thankful for it and was so in awe for you guys to go above and beyond to make someone who is going through treatment as comfortable as possible. There are just no words that can express how I feel. Thank you for what you do. Thank you!!"
