COMFORT CORNER

"How thankful I am for the night your team came to my house & I learned of Lisa's Army & its mission of comforting people battling cancer. The Comfort Care Package was a gift full of so many useful and wonderful items, many homemade with loving & caring hands by people I have never even met. I love you all Lisa's Army!"

"I want to thank you from the bottom of my heart for the caring, compassionate & loving work that you do for those suffering. You are a shining example of God's work and hold a very special place in our hearts. Thank you for making a special young lady feel loved"

"My husband was lucky enough to receive a Lisa's Army Comfort Care Package today! We want to thank everyone at Lisa's Army!! What you all do for people each day is truly an inspiration! Thank you for lifting his spirits and making his daily trips to treatment such a pleasant experience for our whole family!! Lots of love and appreciation."

"In the darkest of times (during treatment) Lisa's Army gave my husband a Comfort Care Package. We were both grateful, but the gift brought my rough tough motorcycle man to tears and gave him strength to continue. Sounds silly...but knowing people care is motivating to patients. Thanks Lisa's Army!"
